Let us help you help more of your clients...
...before somebody else does!

At your new Brilliant Loans office in Leeds, we may have a solution to help you provide more of your clients with the financial security they need.

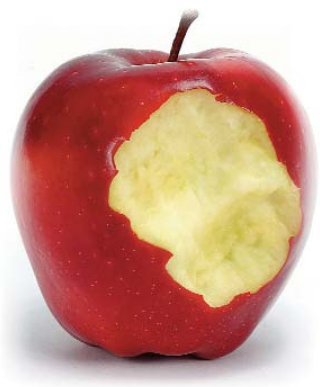

Here are just some reasons why a BrilliantLoans may be better than a remortgage or further advance...

- When a remortgage is an unlikely option for your client's due to tightening criteria
- To avoid a remortgage at a higher rate
- No need to pay high early redemption penalties on an existing mortgage
- BrilliantLoans are often cheaper to arrange, with no up front fees
- In general a secured loan takes less time from application to payout than a typical remortgage
